

IMPORTER — INSTALLER

THE TRUSTED PROVIDER OF HIGH-QUALITY ARCHITECTURAL SOLID SURFACES

SINCE 2010

**DIAMOND**  
CONCEPT INC.

EST. 2007

Diamond Concept Inc. started in 2007 as an importer and direct-seller of wood veneer. Since then we have diversified our products covering all types of wood surface materials. Our company has earned a reputation as a reliable supplier of high-quality wood products in the industry.

Our main products consist of: Wood Veneer Panels, Skins, Veneer Doors (fire rated & non fire rated), Engineered Wood Floors and Imported Hardwood Lumber. Moreover, we are the distributor of Foglie d'Oro, a top-end hardwood floor brand from Italy. On this day, we have expanded into large format porcelain slabs and tiles to offer a complete solution of surface materials. Over the years we have partnered with leading manufacturers and the most reliable international brands in the field of wood materials, large format porcelain slabs and tiles.

### Our Brands:

**TITANSTONE**

## AN EMBLEM OF ITALIAN EXCELLENCE

Defining excellence as we see it has become a natural purpose over the years for Fiandre. Its values are always in sight and the quality of their products around the globe proudly bear witness to their market leadership. Fiandre believe in the power of innovation, the uniqueness of Italian design, and the importance of sustainability.

## INNOVATION, DESIGN AND SUSTAINABILITY

Just as full body porcelain stoneware by Fiandre is a unique product, made of entirely natural premium quality raw materials mined by Fiandre around the world and processed in one of Europe's most advanced production plants, the intrinsic values which have powered over 50 years of leadership are a unique blend of innovation, design, and sustainability.

## MADE IN ITALY, ADMIRER THROUGHOUT THE WORLD

Fiandre produces over 50,000m<sup>2</sup> of matte and polished stoneware daily and is headquartered in Castellarano, Italy where Fiandre owns the world's largest existing polishing plant. Fiandre controls the entire production chain from start to finish, without any third party involvement. This has led to efficiency and quality in all spheres, and ultimately to an impressive array of prestigious references throughout the world.

## IL VENEZIANO CLASSICAL TERRAZZO TILES

Il Veneziano echoes the magnificent traditions of age-old artisan craftsmanship. In full-bodied ceramics, classical terrazzo tiles deliver tremendous architectural impact. Each surface is a technical aesthetic fusion of romanticism and innovation, classic sophistication and avant-garde. Introduced into contemporary projects, this luxurious tribute to the 15th century palaces overlooking the Venetian Lagoon

The background of the advertisement is a photograph of a modern kitchen. In the foreground, a white marble-veined countertop is visible, featuring a stainless steel faucet. In the background, there are wooden chairs with dark seats and a wooden floor. The SapienStone logo is positioned in the upper left corner, with the tagline 'dress your kitchen' below it.

# SAPIENSTONE

dress your kitchen

SapienStone's slabs are crafted from ceramic clays and mineral colourings - and thanks to this unique manufacturing process, these slabs will not be altered by heat, light, or chemical cleaners and disinfectant products.

SapienStone dresses up your space with a complete range of colours to create an exclusive, dynamic look. This range includes products that cater to a variety of tastes, from the ultra-modern to the more classic and traditional style. All products are full body with marble veining, guaranteeing the perfect polished look in the home or in the office.

## REASON TO CHOOSE SAPIENSTONE FOR YOUR KITCHEN

**Beauty** - SapienStone features colours that are second to none in the current offering countertop products.

**Durability** - Naturally resistant to heat and scratching, SapienStone is highly durable, rendering it the best product on the market

### **Market Credibility and Reputation**

- Our company has more than 50 years of experience in the production of ceramic materials and porcelain tile, and is a world leader in product innovation and environmental compatibility.

**Versatility** - SapienStone product can be used indoors and outdoors in kitchen tops and backsplashes, fireplaces and wall partitions... this versatility gives you the ability to use the same material throughout your house or commercial space.

**Full body and veins** - All our products are full bodied and feature veining that runs all the way through each slab, ensuring consistency across the full surface of the product.
